Hi Steve,

Your voice mail this afternoon asked me who I have been talking with in trying to get a decision on your request for EPA oversight of your sampling efforts, and whether they were in our regional office or in HQ. I have been working through my management here in Region 6, and at the time you called, I was actually discussing the situation with my Deputy Regional Administrator (DRA) and other managers. He is the senior civil servant in our regional management chain and will be calling you this week to discuss your request.

Just wanted you to know to expect the call.

Mike
